## Fraud is Alleged Against Farmers

If the authorities are able to substantiate the charges made against the Cash Buyers Union of Calgary, as represented by W.T. Hill and Carl J. Wickson, one of the smoothest deals ever put over on the farmers in the west will have been exposed.

To go to the grocers in the different cities and towns and get from them a list of their selling prices, armed with which list they approached the farmers whose only source of supply was the small country store, was the modus operandi. Quoting to him the price of articles which could be shown to be cheaper than supplied by the smaller storekeeper, they induced credulous agriculturists to pay \$15 to have his name added to their union, through which he was assured those cheap bargains alone could be had.

Numerous complaints having been received by the United Grain Growers from farmers who suspected that they had been got by a lot of slick bank artists, the matter was brought to the attention of the attorney-general's department by J.E. Brown, solicitor for the Grain Growers, and Detective Frank Leslie was put on the job of unravelling the details of the scheme, with the result that the two principals and an employee will appear at Delta to show cause why they should not answer to charges of fraudulent practices before a higher court. It is estimated that anywhere from \$10,000 to \$20,000 has been taken in by the Cash Buyers Union since beginning business.

## MASONIC "AT HOME"

The "At Home" given by the members of Bow Island Lodge A.P. & A.M. on Tuesday night last was one of the most enjoyable functions held in Bow Island for a very long time, and the manner in which it was arranged and carried out reflected the greatest credit upon those responsible. Progressive whilst engaged the attention of a large number of guests until 11:30, when a call to supper "summoned" the guests to the Queen's Cafe, where an appetizing and most delightful supper had been daintily prepared by the brethren. Dancing immediately followed and was continued until long after the rooster had sounded his warning note. The music for the dance was furnished by an orchestra from Medicine Hat and was first-class in every particular. Prizes for progressive work were awarded Messrs. S.M. Hanna and R. W. Cotton, and for the ladies Mrs. B. T. Whitney of Bow Island and Mrs. Harper of Burdett carried off first and second respectively. A short musical program undertaken previous to supper was contributed to by Mrs. R. L. Stone and Mr. Wilfrid Henderson and later on in the evening Miss Shaw sang. Nearly every song was heartily applauded and frequent en-

cours were demanded. We almost forgot to state that the Oddfellows hall had been prettily decorated for the occasion and coupled with the many beautiful dresses worn by the ladies the scene presented was a most charming and attractive one.

## Additional Locals.

Friends of Mrs. Doran Mrs. Gage and Mrs. Evans will be sorry to hear they all have sickness in the house. We sincerely hope all will soon be on the way to a speedy recovery.

Rev. Mr. Gilbert's barn and chicken house on Lethbridge Avenue caught alight on Saturday evening about 6:30 through the overheating of a gasoline stove. The barn and chicken house were burnt down.

H. Rygg 11-2 miles North West of Burdett, south half of 15-11-12, will hold a Sale by Public Auction on his farm at 11 a.m. on 25th March 1919, of all his Live Stock and Farm implements. A free lunch at noon. Don't forget the date.

H. M. Galliard residing four miles south of Burdett had the misfortune to be thrown from a load of hay and met with a serious accident having a compound fracture of his forearm. Dr. Paterson was called in and it is expected he will have to be moved to Medicine Hat Hospital.

A. W. Flannan was a business visitor to town on Wednesday last and reports his Gas Well works fine and supplies heaps of gas for all purposes. This is the only country to live in, cheap on top and coal and gas beneath. How big is the well? Discouraged, with such a country as this you are bound to make money one way or the other.

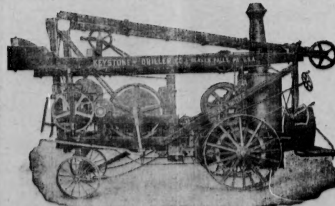

## Mr. Bergeron Back

We are glad to see our old friend Mr. A. J. Bergeron back in Bow Island looking hale and hearty, and he says he is very glad to breathe the fine air of Bow Island once again. Mr. Bergeron expects his son home who has been overseas for 4 1/2 years.

Mr. Bergeron has been living on Queen Charlotte Island where he has a large Logging Contract and has been employing over 20 men, already he has over 6 million feet of lumber ready for shipping.

Mr. Bergeron says that on District one takes 100 per cent better. Vegetables and garden stuff than he ever saw raised around Vancouver, and our climate is also 100 per cent better, as no insect and tracing and extremely good for the health. Vancouver has fog, snow, and slush, and the damp foggy climate is extremely bad for the lungs and also the cost of living is away higher there, than here.

And as for the value of the land, he would not exchange acre for acre of one-day loan soil for the sand and rock abounding in B. C.

L. H. WRIGHT

DRILLER OF ARTESIAN & ORDINARY WATER WELLS

Artesian water absolutely guaranteed. Twenty years' experience. Have put down sixty wells in the district. Address—L. H. WRIGHT, Bow Island.

## German Commission Leaves For Berlin

Geneva. — Swiss newspapers print Berlin dispatch stating that owing to the sudden suspension of the German negotiations the German commission had left Spa for Berlin.

The reason for the reported suspension is not given.

General Ludendorff and Field Marshal von Hindenburg are expected in Berlin.

Negotiations between allied and German financial, economic and military missions have been in progress at Spa for some time, but there has been no illumination from allied sources that anything in the nature of a crisis had developed there. In the absence of definite information it would seem probable that the meeting, if it have been broken as reported, may have been suspended only temporarily. On February 14, Marshal Foch presented to the German armistice commission at Treves the provisions for an extension of the armistice between the allies and Germany. These provisions he received from the supreme council of the peace conference. They were accepted by the Germans after being referred to the national assembly at Weimar, and were signed by the German delegates on the evening of February 16.

Man Who Found Nickel. — Seabury, Ont. — News has reached here of the death in Ypsilanti, Mich., of James Stickle, who first found a nickel ore body in Seabury district and the discoverer of the Nickel and Nickel. He became very wealthy and took up farming after his prospecting experience. Of late years his life had been given over to the advancement of religion, to which he gave liberally.

## Many Opponents to League of Nations

Washington. — President Wilson told members of the congressional foreign relations committee that unless the United States entered the league of nations, the league would fall and chaos and turmoil beyond description would result. He expressed his views of Republican members opposing the league's constitution, as reported to the peace conference, apparently were not changed by the conference.

The president was said to have stated that it was his intention to have the United States stand to the support of the Czech-Slovaks, the Jugos-Slavs, Poland and other weak and struggling peoples made free as a result of the great war.

Discussion of the constitution as presented to the peace conference was said to have been quite general, and the president was questioned closely, especially by Senator Brandegee, of Connecticut, Franklin Lodge and Senator Knox of Pennsylvania, former secretary of state, who took very little part.

## Reds Seize Ballot Boxes

London. — After the elections for the new council had been held in Düsseldorf, says a Cologne dispatch, bands of armed Spartacists compelled the officials to surrender the ballot boxes at the point of revolvers, and made bonfires in the streets of the ballots and all the election documents. The Spartacists wound up with a little promiscuous shooting, resulting in several casualties. The dispatch adds that a telegram of protest was sent to the ministry of home affairs on behalf of the Centre party, which is said to have received a majority of the votes cast. Another general strike in Düsseldorf is threatened, the advices state.

## Anti-War Man Offered Portfolio

On Retail. — A delayed dispatch received from Munich said that Dr. Müchler, former director of the Skopje, has been offered the portfolio of foreign secretary in the new Bavarian government. He is reported to have replied that he would study the situation before accepting.

Dr. Müchler, despite his position as director of a big munition works, disapproved of Germany's conduct of the war. His demission became so severe that he was forced to flee to Switzerland.

## Submarines for Canada

Two Submarines Given to Dominion and Six to Australia.

London. — In reply to Lieut. Col. Burgine, Right Hon. Walter Long, first lord of the admiralty, stated in the house of commons that the imperial government had offered the Australian government six modern submarines and two submarines had been presented to Canada. Requests made by other dominions, said Mr. Long, would receive the most sympathetic consideration. Mr. Long emphasized the fact that the Australian navy was in an advanced stage of development.

Col. Burgine asked if the two submarines given to Canada were the same two which had been taken from the navy by the additional.

Mr. Long replied: "I really cannot say."

## Italian Women Ask Rights

Rome. — The national council of Italian women has written to Premier Orlando demanding legal equality for women and women's suffrage in parliament and municipal elections. The letter pointed out that Italian women have been doing their share in the war and asked why their position should be inferior to that of the women of other countries.

## Plotted Across North Pole

New York. — Advice received here from Alaska state that Stocker Storkerson and a party of five explorers who landed on an ice island in the Polar Basin last May in an effort to float across the North Pole had landed safely November 7. No details were given.

## How Mrs. Boyd Avoided an Operation.

Canton, Ohio. — "I suffered from a female trouble which caused me much suffering, and two doctors advised an operation before I could get well. My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. I believe me from my troubles, I can do my house work without any difficulty. I advise any woman who is troubled with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial."

— Mrs. MARY BOYD, 1411 5th St., N. E., Canton, Ohio.

## Hunger Typhus in Moscow

Famine Is Made Worse by Lack of Medicine

Paris. — The Soviet government in Moscow is now regulating the number of baths each person is permitted to take in the various public and private bathing places, and for this purpose has divided the population into three categories, according to French refugees arriving here from Russia.

Those in the first category are allowed to bathe twice a month, it is said, and those in the second category once a month, while those in the third category never.

The cost of food in Russia is declared to be prohibitive when food can be obtained and a famine, made worse by lack of medicine, was raging in Moscow when the French left. The Bolsheviks call it the "hunger typhus" and it claims from two thousand to three thousand victims daily.

Peasants' Lentils, the refugees say, is not affected by the food problem. Lentils had plenty to eat, and his bill for fruit and vegetables in a recent month amounted to 40,000 roubles.

## Guards Return to London

General Fielding Welcomed Battalion

On Retail. — The second battalion of the Grenadier Guards received an enthusiastic welcome on its return to London, where they were met by the city authorities and the mayor. The ceremony had been arranged, and the hour of arrival was uncertain, immense crowds assembled at St. Pancras station, where they were met by large numbers being congregated outside.

The only indication that something unusual was happening was the presence of massed bands which played "See, the Conquering Hero Comes," as the men left their train. General Fielding, commandant of the London district, welcomed the battalion on behalf of the king and then the guards began a triumphal march across London to Chelsea barracks.

## Wedding in Westminster Abbey

Public Greatly Interested in Social Event

London. — Princess Patricia of Connaught, and Commander Alexander R. M. Ramsay, R.N., were married at Westminster Abbey, February 27th. No other social event since the beginning of the war has caused such public interest.

Crowds assembled early along the route over which the princess drove with her father, the Duke of Connaught, from St. James Palace to Westminster Abbey.

The ceremony was performed by the Archbishop of Canterbury, assisted by other most ecclesiastics in the presence of King George and Queen Mary, and a great assemblage of the members of the royal family, distinguished officials of the British and foreign governments, and friends and neighbors abroad.

The bride entered the abbey by the west door. Her gown was of white brocade panne over silver lace, the outer gown being caught up with silver laces' knots. She carried a bouquet presented by the "Princess Patricia" Canadian regiment and with the regimental colors.

The procession was led by a choir singing "Praise, My Soul, the King of Heaven." The gentlemen followed, and then came Princess Patricia, with her father. They were followed by the Earl of Macduff, eldest son of the Duchess of Devonshire, and the Hon. Simon-Kennedy, as pages, bearing the Princess' train. Then came Lady Jean Ramsay with Princess Ingrid of Sweden, Lady Ingrid Ramsay with Lady Mary Cambridge, Princess Madeleine with Princess Mary, and Lady Helen Cambridge with Lady Victoria Cambridge.

The bride was given away by her father. During the service the choir sang the 67th Psalm, the hymn, "O Perfect Love," and the anthem, "Who is Like unto Thee, O Lord."

## Ex-Kaiser Thinks

Huns Will Repent

Says There Are Still Good Patriots in Germany

London. — "Germany will soon repent of having overthrown the monarchy," is the statement attributed to the former German emperor by the Mail's Copenhagen correspondent, recently returned from Germany. The royal exile had with Count von Brockdorff-Rantzau, the German foreign minister.

All that is happening in Germany goes to my heart," continued the erstwhile monarch. "I did not will it. There are still good patriots in Germany who will not allow her to become bankrupt."

Count von Brockdorff-Rantzau, according to the correspondent, went to Amersfoort two months ago and delivered to the former emperor a considerable sum of money. The count stayed at Amersfoort for a short period, accompanied by the ex-emperor's lawyer, Dr. Wangemann. Here the emperor was dispirited, as being very cheerful and hopeful.

## Official Report of Estonian Atrocities

### Trouble in Saxony

Berlin. — Spartacists and radical Socialists have launched a movement to overthrow the existing government in Saxony, where the newly elected diet was to assemble. A general strike has been proclaimed and railway communication with Halle, one of the principal junction points in Saxony has been broken. The Spartacists are reported to have taken possession of Plauen and other industrial centers. Independent Socialists in Leipzig have issued a manifesto demanding the retirement of the Weimar government, declaring that it is "an impediment to Socialism and liberation of the proletariat." The Independent Socialists are reported working feverishly for a proclamation of a Soviet republic in Saxony.

### Poland Officially Recognized

Warsaw. — M. Tromczynski, marshal of the Diet, read to the Diet a telegram from Stephen Pichon, the French foreign minister, which M. Noulet, former French ambassador to Russia, transmitted to M. Paderewski, the Polish premier, officially recognizing Poland as an independent sovereign state. The members of the Diet with the exception of a few socialists, stood while the message was being read, and cheered it.

## Criticize Plan to Destroy Foo Ships

London. — The Daily Chronicle reports a Paris dispatch to the suggestion that the German fleet be sunk in the Atlantic has excited a storm of criticism in the French papers. The French think that their government has a particular right to a number of these vessels by way of compensation for their naval losses.

Major David Davies, chairman of the league of nations union, according to the Chronicle's dispatch, suggests that the German fleet should be handed over to the league of nations as the nucleus of an international police force which could be relied upon to enforce the decisions of the league. Donahoe, says Major Davies, such an international naval force would have to be built up step by step. It is unnecessary the whole fleet should be commissioned at the same time. Thus a long period would elapse before it could possibly deal existing national fleets, but as confidence in the league of nations develops and as the financial strain of competing armaments became more acutely felt the tendency would be to transfer sea power more and more to the league.

### The Woman Who Suffers.

Who does not know women and young girls who are continually in tears? Who always see the dark side? Who have frequent fits of melancholy without any apparent cause? When a physician will know that it is some derangement of the complicated and delicate feminine organs. The young girl suffers bodily and mentally in silence.

There is a class of women, unexpected pain, unreasonable tears and fits of temper.

### Doctor Pierce's Favorite

Prescription exerts a wonderful power over woman's delicate organism. It is an invigorating tonic and is prescribed for the peculiar weaknesses, irregularities and painful derangements of women.

Careless, easy-going doctors frequently treat their women patients for biliousness, nervousness, dyspepsia, liver or kidney troubles, when the real sickness is in the organs distinctly feminine, and no help can come till they are made perfectly strong by the use of Dr. Pierce's Favorite Prescription, in tablet or liquid form.

Female, etc. — Dr. Pierce's medicine has been a wonderful help to me and I personally it is hope that others may be benefited. I was so weak and I was always delicate. My mother thought she could never raise me. I was so weak and I was always delicate. My mother thought she could never raise me. I was so weak and I was always delicate. My mother thought she could never raise me.

There was a good attendance at the United Sunday School on Sunday morning. In the evening there was a good congregation at the service. The orchestra played several selections for the regular service started. Rev. Guller's subject was "Mans Four fold Nature, namely Mental, Physical, Christian and social."

**War to Peace**

## To Solve Canada's Employment Problem

EVERYONE in Canada should understand just what the Government is doing to solve the unemployment problems that may arise through the demobilization of our fighting forces.

### (1) Employment Offices.

So that everyone—male or female, soldier or civilian—can get quickly such jobs as are available the Government is co-operating with the Provinces in establishing a chain of Public Employment Offices. Employers are being urged to make use of these offices to secure any help they need. Farmers, for example, who need hired men should apply to the nearest office. There will be a Public Employment Office in every town of 10,000 people—and wherever the need for one exists. There will be 60 different offices in all—one-half are already in operation.

### (2) Employment Opportunities.

The war held up much work that will now be carried on at once. Public works, shipbuilding, roadbuilding, railway work—construction of bridges, improvement of road-bed, making of new equipment—these will provide new opportunities for employment. In addition, the Government has sent a Trade Mission overseas to secure for Canada a share in the business of providing materials and products required for reconstruction work in Europe. It has also set aside the large sum of

\$25,000,000 to be loaned through the Provinces to encourage the building of workmen's houses. This will mean "much new work in the spring."

### (3) Land and Loans for Soldiers.

To help soldiers become farmers the Government has developed a programme that includes the providing of land, the granting of loans, and the training and supervision of those inexperienced in farming. At present, the soldier is granted, free, in addition to his ordinary homestead right, one quarter-section of Dominion lands. He also receives a loan up to the maximum of \$2,500.

These original plans are now being broadened. If Parliament passes the new proposals during this session, the Soldier Settlement Board will be able to buy suitable land and re-sell it to the soldier at cost.

Land up to the value of \$5,000 may be bought by this plan—the money to be repaid in 50 years. The low interest rate of 3 per cent. will be charged. These new proposals will also permit the Soldier Settlement Board to loan the soldier-farmer up to \$2,500 for purchasing equipment, etc., in addition to \$5,000 loan on his farm.

The Repatriation Committee

OTTAWA

## Local and General

Mr. Andrew of Calgary was a visitor to Bow Island last Friday.

Several members of the local Masonic order attended the district meeting in Medicine Hat last week.

The cold weather last Saturday caused the U.F.A. and U.F.W.A. meetings to be poorly attended.

The special meeting of the board of Trade called for last Saturday did not take place as not enough members heeded the invitation to attend.

Nurse Healy who came to assist in nursing Claude Janssen, returned to Calgary last week.

Messrs. J. W. Hurd and R. Smith were attending court as witnesses in Medicine Hat on Tuesday.

Mr. John Deltis and Mr. W. Vannoy returned from the Hat on Tuesday.

Owing to the bad weather on Tuesday afternoon the sale at Mr. Potters farm was not so very well attended. Prices mostly did not soar very high.

The sweater made by Miss Isabel Whitely for the funds of St. Dunstons' Hostel in London England brought in the tariff held on St. Valentine's day the good sum of \$25. Mrs. Hovet was the lucky winner.

A most unique event happened when Mr. A. F. Dalmage of the Pioneer Lumber Co received a special packet containing one of the much talked of Iron Crosses which was sent as a souvenir by his son Gerald

Dalmage from Cologne, Germany. Gerald says he left France on the 24th of February and expects to be three weeks in England and then returns to Canada, commonly known as Gial's country.

Miss Lucille McLaren spent the week end in Medicine Hat.

The new fifteen roomed house built by C. T. Dube for Mr. Dan Peterson, living seventeen miles South East of Bow Island, is now completed, and has a bathroom and is fitted up with electric lights throughout. It is understood that it will cost over \$10,000. Some house that, hey boys.

A big irrigation meeting will take place at Lethbridge on March 18th, commencing at ten a.m. Delegates from all parts of Southern Alberta will be present, and among them, it is to be hoped, will be several from this district.

A fine piece of carving has lately come into the possession of R. S. Hebert. It represents a grizzly bear attacked by a cougar, and the figures are quite lifelike. The work was done at Glacier Park by an Indian with a chisel knife and is astonishingly good.

The United Sunday School will have their annual Social on Friday March 14th. Tea will be served at the church at 4:30. Program at 7:30. All the Parents and friends are invited. A good programme is expected. Silver collection.

A House Talent Entertainment will be held in St. Michaels' Hall on Monday at 8:30 p.m. March 17th. 1919. All are heartily invited. Admission 50 cents.

The election for Councillors in Municipal District No. 94 resulted in the election of Mr. Roy MacGregor for No. 6 and Mr. A. Chisholm for No. 2. The electors took but little interest in the Municipal Hall Insurance which was voted on last Thursday 27th, only 20 votes were polled in this Municipal District, 20 votes against and 20 in favor of it.

Considering the cold weather of last Friday evening the Ladies Aid of the United Church are feeling pleased at number who attended their social evening in St. Andrews Church. A short program took up the early part of the evening then the people spent the time in social intercourse while music was played. Then a good lunch was served. A collection which was taken up swelled the treasury to the extent of over \$19.00.

Bow Island has no need to be downhearted when we have such persevering business men as we so fortunately possess—the latest indication of such perseverance is shown by A. E. Tunstall, proprietor of the City Service Garage whose business he finds is increasing so rapidly that he has had to enlarge his premises. This he has done by taking over the premises on the corner which adjoin him and he is having them renovated and fitted up in such a manner, that he assures us he is now equipped to handle all business in the most satisfactory way to his customer. He invites you all to come and see him.

At 2:30 p.m. Sunday, March 9th, Pastor P. A. Rick at the old school house will continue his prophetic studies from the Revelations, the subject being, "A Persecuted Church." Every body welcome.

Mrs. Potter left her soldier son Bob at the Mechanical Institute, Calgary last week to stay for three months instruction, and Mrs. Potter returned to Bow Island last Saturday by the 5 o'clock train.

## NOTICE To Employers

THE Workmen's Compensation Act, 1916, provides that every employer of labor coming within the scope of the Act, shall forward each month a statement of his payroll to the Workmen's Compensation Board, at Edmonton. As the Act is now effective, employers at once communicate with the Secretary of the Board, who will forward such forms and information as are necessary.

THE WORKMEN'S  
COMPENSATION BOARD,  
Edmonton, Alberta.

## Extension OF Business

OWING to greatly increased business I have been compelled to enlarge the premises, and have taken over the corner building next to the garage and have renovated it making it one of the most up-to-date and complete garages in this district. :: :: :: ::

My Stock is New and Absolutely RELIABLE. Let me quote you a price on anything you require in Repairs and Accessories for any make of car.
